Professional Profile

Results-driven and motivated Human Resources Administrator with 3+ years of experience administering and coordinating HR functions in an office environment. As a CIPD Level 3 qualified professional, I am competent in all elements of HR administration, including recruitment and payroll. As an organised recruitment professional, I am experienced in supporting company growth by sourcing top-quality applicants for critical roles. I understand the importance of remaining up to date with industry trends in benefits, wages, and training, and I'm often praised for supporting the wider HR team to achieve positive results across the business.

Core Skills

- Personnel Administration
- Recruitment and Payroll
- Policy & Procedure Development
- Confidentiality and GDPR
- HCM Software - Oracle & Workday
- CIPD Associate Member (Level 3)

Career Summary

Oct 2019 - Present Shore Manufacturing, Kent

HR Administrator

Working for a fast-paced, busy HR department within a thriving manufacturing company in the heart of Kent, responsible for supporting the business with all administrative HR duties.

Key Responsibilities

- Ensure all personnel records are both accurate and up to date, including daily use of HCM software.
- Be the first point of contact for general HR queries from employees, via telephone, email, and face-to-face, ensuring all queries receive a response within set SLAs.
- Support the wider business with contractual and 1st level policy-related queries by explaining procedures and policies concisely and efficiently.
- Process offers of employment for new employees and internal changes.
- Follow the company procedures for securing appropriate references for potential recruits.
- Maintain an accurate log of all contractual and referencing documentation, including chasing returns.
- Conduct new employee orientations into the company, including giving site tours and explaining all emergency procedures, such as what to do in the event of a fire.
- Provide new employees with company benefits information and process their benefit enrolment.
- Complete yearly employee benefit reviews.

- Liaise with recruitment agencies when required, including negotiating favourable terms.

Key Achievements

- Developed and implemented an online company benefit enrolment form, which reduced errors by 22% and allowed easy access to all the information required for employee benefits.
- Created an online employee database, reducing the requirement for excessive paper documentation in line with GDPR requirements.

Dec 2017 - Oct 2019 JJK Engineering, Kent

HR and Payroll Administrator

Worked for a thriving engineering consultancy that specialises in structural inspection, responsible for providing exceptional administrative support across the HR and payroll functions.

Key Responsibilities

- Processed all new starter paperwork, including adding employee information onto the HR system, securing references, and generating contracts.
- Completed regular job specification reviews to ensure all job specifications remained accurate.
- Scheduled interviews on behalf of the hiring manager.
- Liaised with external recruiters when required.
- Collated the monthly payroll information for over 300 employees ready for submission to the finance team, ensuring this information was accurate and prepared within payroll cut-off.
- Processed HMRC tax code amendments and statutory payments such as SSP and SMP.
- Printed and posted/hand-delivered copies of employee payslips.
- Ensured payroll was processed in line with company policies and procedures.
- Managed all incoming payroll queries, ensuring all queries were answered efficiently and accurately.
- Produced annual P60s for all employees and P45s for leavers.

Key Achievements

- Maintained a 92% average for HR and payroll queries resulting in first-touch resolution.
- Implemented a trigger system using absence data, which allowed for quicker absence management intervention.
- Achieved an average time to offer of 11 days, ahead of the company target of 15 days.
